A £1.75m facility to fund global expansion

Established in 2000, Recruit 121 has quickly become an international market-leader in sourcing and providing SAP® professionals.

The company is based in Cardiff and employs 50 people – 23 at its headquarters in the city.

Why did Recruit 121 choose RBS Invoice Finance?

Recruit 121 embarked on an expansion strategy with a funding package from its new banking partner – The Royal Bank of Scotland.

The plans included the strategic launch of its US subsidiary, Recruit 121 LLC, closely followed by another successful office launch in The Netherlands.

The business is also looking to expand into Asia Pacific and Africa.

The deal

Recruit 121 approached Joanne O'Keeffe Business Development Manager from the RBS commercial banking team in Cardiff, Wales.

In collaboration with her colleague Justin Thomas from RBS Invoice Finance, they provided a working capital facility worth £1.75 million.

The bespoke financial solution will be used to assist Recruit 121 in its international growth strategy, further cementing their position in the marketplace.
